# Bundled Payments for Care Improvement (BPCI) Advanced Annual Check-in Questionnaire

Thank you for taking time to complete this important questionnaire.

#### Purpose:

This questionnaire will be sent annually as part of the Center for Medicare & Medicaid Service's (CMS) efforts to monitor Model implementation and Participant compliance for BPCI Advanced in accordance with Article 13 of the Participation Agreement. CMS will use the responses to monitor Participants' activities and barriers related to designing and implementing the BPCI Advanced Model and the associated impact of these activities. Results from this effort will inform learning and other CMS activities designed to help Participants provide high quality beneficiary care and increase likelihood of achieving success in the Model. The Monitoring and Compliance team will review the completed questionnaires and documentation in concert with CMS. Follow up with Participants may be required if further clarification is needed related to submitted information.

#### Instructions:

Participants are required to complete a questionnaire for each BPCI Advanced Participation Agreement they have with CMS. The questionnaire should be completed by a Participant representative with knowledge of various aspects of the Participant's experience in the BPCI Advanced Model. If needed, you are encouraged to reach out to other subject matter experts in your organization. Please respond based on how each question applies to the Participant. If any question does not apply, please select N/A. For clarification of key terminology (e.g., BPCI Advanced Entity, NPRA Sharing Partner and Payment Policy Waiver), please refer to Article 2 Definitions of the Participation Agreement.

If applicable, use the Excel spreadsheet (Waiver Data Collection Template), found on the Participant Portal to document responses to the following:

Waivers (Fraud & Abuse and Medicare Payment Policy), Questions #3 and #7

Special PDF software is not needed to complete this questionnaire. You can use the free\_Adobe Acrobat Reader DC to complete the questionnaire. If your computer does not have a PDF reader installed, please download a PDF Reader to access the full functionality of the fillable PDF.

Some computers are configured to default automatically, upon double-clicking to open PDF files in applications other than Adobe Reader, such as an Internet browser. To ensure that the application opens in Adobe Reader:

- Save the attachment to a folder on your computer
- Highlight the file name, right click, select "Open with"
- Click on Adobe Acrobat Reader from the drop-down box.

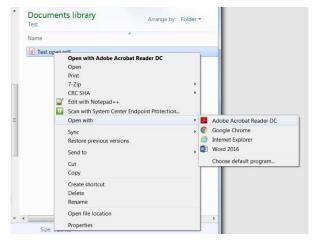

For Convener Participants with more than one Participation Agreement with CMS, if answers to the

The questionnaire is due **no later than September 23, 2019 at 11:59PM ET** in the <u>Participant Portal</u>. Please complete this questionnaire electronically as it contains drop down options that are not visible in a printed hard copy. Please upload the completed questionnaire and relevant documentation requested within the questionnaire to the <u>Participant Portal</u>.

#### Contact:

CMS contracted with IMPAQ International, LLC to perform BPCI Advanced compliance and monitoring activities. If you have any questions regarding this questionnaire, please contact IMPAQ at\_BPCI Advanced MC@impagint.com.

Genera	al Information
BPID	1343-0000
Organiz	ration Legal Name Reconstructive Orthopaedic Associates II, PC
Genera	al Information Requested
	s the Participant have current or past experience with CMS Innovation Center models /or Medicare demonstrations beyond BPCI Advanced?
Yes	▼
	es the Participant have experience with value-based care beyond CMS Innovation Center dels and/or Medicare demonstrations?
Yes	-
Organi	zation Legal or Identification Changes
BPC	the Participant, or any of its Downstream Episode Initiators, NPRA Sharing Partners, or Cl Advanced Entities, had a legal name change, change of control or change of tax tifier in the last year?
No	▼
to th ( <u>BP</u> )	elected 'Yes' to question 1, have you reported these changes to CMS? [If your response nis question is 'no', please provide written notice of changes to CMS via email <u>CIAdvanced@cms.hhs.gov</u> ). Instruction and additional information are located under cle 3 of the <u>Participation Agreement</u> ].
N/A; v	we didn ′ t have any changes

## **Participant Profile**

1.	Does the Participant anticipate making any additional changes to the list of Episode Initiators within the Participant Profile effective for Model Year 3?
ľ	No
2.	Is the Participant likely to add Clinical Episodes within the Participant Profile effective for Model Year 3?
N	No
3.	Is the Participant likely to remove Clinical Episodes from the Participant Profile effective for Model Year 3?
Υ	'es 🔻
1.	The Participant is on track to implement selected Care Redesign interventions within the timeframes indicated within the Care Redesign Plan.
	Strongly agree
	Agree
	Noutral
	Neutral
	Disagree

The PGP is an orthopedic surgery practice and has nurse navigation in place currently for patients undergoing elective procedures. Care redesign is currently under way to expand the navigation process to emergent care (i.e., fracture care).

3. Do you have concerns regarding implementation of any identified Care Redesign Interventions?

Yes	•	4

4. Please use the comment box below to provide additional details regarding successes, challenges, and/or barriers to Care Redesign Interventions.

Managing emergent care patients is substantially more difficult than elective patients because these patients are generally not put on an orthopedic service but rather the hospitalist service in a facility. These patients are much higher acuity and cost and therefore require attention despite the organizational difficulty of managing them.

#### **CEHRT Use**

1. The Participant and/or the Downstream Episode Initiator(s) is on track to implement Certified Electronic Health Record Technology (CEHRT) in a manner sufficient to meet the applicable requirements of the Advanced Alternative Payment Model criterion under 42 C.F.R. & 414.1415(a)(1)(i). To meet this criterion, at least 75 percent of eligible clinicians in each participating APM Entity group, or each hospital if hospitals are the APM Entities, to use CEHRT to document and communicate clinical care.

Yes	•

No	•
	ease use the comment box below to describe any challenges to meeting the CEHRT se requirements.

process and procedures to monitor agreements or in establishing agreements with

partners.

Financial / Programmatic Infrastructure
1. Has the Participant set up an accounting system to be used, to measure and track Net Payment Reconciliation Amounts (NPRA) received from CMS, Repayment Amounts and
Excess Spending Amounts owed to CMS and Administrative Services?
Yes
res
2. La tha Dantiain ant atill nantiain ating in Financial Assessance to with one or many NDDA
<ol><li>Is the Participant still participating in Financial Arrangements with one or more NPRA Sharing Partners?</li></ol>
N/A; never participated in financial arrangements
3. Does the Participant plan to do so in the future?
No
4. Has the Participant implemented all BPCI Advanced required processes and procedures
related to NPRA Sharing? For example: processes to verify Financial Arrangements comply with all applicable laws and regulations, processes to adhere to generally accepted accounting principle
compliance plan, and others outlined within the Participation Agreement.
N/A; we don ′ t participate in NPRA Sharing

5. If selected 'No' to question 4, please describe any barriers/challenges in the common below.	ment box
6. Has the Participant fully established NPRA Sharing Arrangements with all NPRA Sharing Partners? [If your response to this question is 'yes', please upload	
your organization's NPRA Sharing Arrangement template or a populated agreement as an example to the amendment section of the <u>Participant Portal</u> . If you have more than	
one NPRA Sharing Arrangement, upload 1 example only]	
N/A; we don ′ t participate in NPRA Sharing	
7. If selected 'No' to question 6, please explain noting any barriers or challenges.	
8. Has the Participant established a BPCI Advanced Entity Agreement with a BPCI Advanced Entity?	
NA; we don't have relationship with a BPCI Advanced Entity	

<ol><li>Please describe key considerations that informed the Participant's decision (e.g. willingness to take on risk) regarding establishing Financial Arrangements.</li></ol>	
Internal Cost Savings (ICS)	
<ol> <li>Does the Participant plan to track and allow contribution of ICS associated with BPCI Advanced to the BPCI Advanced Savings Pool(s) in the next 12 months?</li> </ol>	
No	
<ol> <li>If selected 'Yes' to question 1, has the Participant established a process to measure ar track Internal Cost Savings associated with BPCI Advanced?</li> </ol>	nd
N/A; we don ′ t participate in ICS Sharing	
Net Payment Reconciliation Amount (NPRA)	
<ol> <li>Does the Participant plan to share NPRA associated with BPCI Advanced in the first performance period, if savings are achieved? [Performance Period 1: October 1, 2018 a June 30, 2019]</li> </ol>	through
No	

2.	Has the Participant implemented processes and procedures to monitor Shared Repayment Amounts associated with BPCI Advanced?
N	0
3.	If selected 'Yes' to question 2, please describe your processes and procedures to monitor Shared Repayment Amounts associated with BPCI Advanced.
C	ompliance Plan
1.	Has the Participant completed an initial Compliance Plan? [If your response is
	'yes', please upload this document to the amendment section of the <u>Participant</u> <u>Portal</u> If your Compliance Plan includes multiple appendices, you can upload the main document only.]

### Waivers (Fraud & Abuse Waivers and Medicare Payment Policy Waivers)

The questions around changes to the selected waivers are included to obtain information on current status of waiver use. CMS communicated to Participants on October 16, 2018 to clarify the selection of waivers on the Participant Profile in a message titled "Participant Profile Selection Does Not Limit Use of Waivers". The use of any of the five waivers available to Participants in the BPCI Advanced Model is not contingent upon its selection on the Participant Profile template that was submitted on August 8, 2018. Even if a Participant made a selection of "No" for any given waiver, they still have the option of using the waiver and receiving its protection effective October 1, 2018.

1.	Has the Participant or partners elected to use any of the Fraud and Abuse Waivers (Financial Arrangements and/or Beneficiary Incentives)?		
N	No 🔽		
2.	Has the Participant or partners made any changes to the Fraud and Abuse Waiver use selections since you last submitted the Participant Profile? (E.g., we have not selected to use Financial Arrangements and/or Beneficiary Incentives in our most recent Participant Profile, but we have started using the waiver(s) recently.)		
	NA; we don ′ t use Fraud and Abuse Waivers		
3.	the <u>Participant Portal</u> to document waiver use changes at the Episode Initiator-level related to any of the following Fraud and Abuse Waivers:		
	- Financial Arrangements		
	- Beneficiary Incentives		
	When completed, please upload the document to the amendment section of the <u>Participant Portal</u> .		
4.	Has the Participant or partners elected to use any of the Medicare Payment Policy (MPP) Waivers?		
ľ	No 🔽		
5.	If you selected 'Yes' to question 4, have you implemented the Payment Policy Waiver(s)?		
1	√N/A; we don ′ t use MPP Waivers		
6.	Has the Participant or partners made any changes to the Medicare Payment Policy waiver use selections since you last submitted the Participant Profile? (E.g., we have not selected to use any of the MPP waivers in our most recent Participant Profile, but we have started using the waiver(s) recently.)		
	N/A; we don ′ t use MPP Waivers		

7.	If selected 'Yes' to question 6, please use the Waiver Data Collection template located on the <u>Participant Portal</u> to document waiver use changes at the Episode Initiator-level related to any of the following Payment Policy Waivers: (Please upload attachments to the amendment section of the <u>Participant Portal</u> )
	<ul> <li>3-Day Skilled Nursing Facility (SNF) Rule</li> <li>Post-Discharge Home Visits</li> <li>Telehealth</li> </ul>
8.	Has the Participant established a process for monitoring compliance with waiver conditions?
Ν	IA; not using any of the waivers
9.	If selected 'Yes' to question 8, please select from the list below all of the strategies your organization has used for this purpose.
	Attestation
	Internal audit
	N/A; we have not elected to use any waivers
	N/A; we have elected to use waivers, but have not yet established a process for monitoring compliance with waiver conditions
	Other
10	. If selected 'Other' to question 9, please list strategies in the comment box below.

Pa	articipation in Shared Learning Activities
1.	Has the Participant participated in the shared learning activities (e.g., webinars, emails, town hall meetings) identified by CMS?
	∕es <del>•</del>
Kı	nowledge Management / Record Keeping / Succession Planning
1.	Does the Participant have a process in place related to records management associated with BPCI Advanced Model?
	∕es <del>-</del>
2.	Does the Participant have a succession plan in place for when individuals in management or individuals who oversee implementation of the BPCI Advanced Model depart the organization?
Ī	No 🔽
Ī	
3.	If selected 'Yes' to question 2, please provide a brief explanation of that process below.
В	eneficiary Notification

1. What is the primary communication channel(s) used to provide beneficiary notification? Select all that applies.

		Emailed to beneficiaries	
		Mailed to the beneficiary's address	
	<b>✓</b>	Provided to beneficiary during an Inpatient Hospital stay or Outpatient Visit	
		Provided during discharge procedures	
		Other	
2.	f select peneficia	ed 'Other' to question 1, please describe the communication channel used to pr ary notifications.	ovide
3.	Does the	e Participant use the template Beneficiary Notification Letter provided by CMS?	
Ye	S	lacksquare	
4.	f select	ed 'No' to question 3, please explain.	

5. Has provision of the beneficiary notification of participation resulted in negative feedback fro beneficiaries?
Yes ▼
6. If selected 'Yes' to question 5, what are the primary concerns from the beneficiary perspective?
Occasionally, patients have interpreted the document to suggest that their benefits or financial responsibility will somehow be impacted by the presence of this program.
BPCI Advanced Impact  1. Has the Participant seen any unexpected positive outcomes associated with
implementing BPCI Advanced?
No
2. Has the Participant seen any unexpected negative outcomes associated with implementing BPCI Advanced?
Yes
3. If selected 'Yes' to either question 1 or 2, please describe.
Changes were implemented to reduce costs for lower major joint on

Changes were implemented to reduce costs for lower major joint on year-over-year basis (based on CMS reimbursement) from 2014 (\$25.1k) through 2018 (\$22.7k) and have now leveled off. Based on the first quarter of BPCI-A (2018 Q4): Episode cost (all in) is lower than most nationally. Readmission rate (7.4%) is lower than the national average (8.3%). SNF utilization (16.7%) is lower than the 90th percentile performance nationally (18.3%) and is 11% lower than the national average of 27.7%. IRF utilization (1.4%) is approaching 90th percentile performance of 1.2% and is 3.2% lower than the national average of 4.6%. Home Health utilization (21%) far exceeds 90th percentile performance of 53% and is 39% lower than the national average of 60.1%. Based on this data, this practice will lose (owe back) in

conseque	Participant established a process for monitoring and mitigating unintended ences (e.g., patient targeting/avoidance, inadequate or insufficient care, costassociated with implementation of the BPCI Advanced Model?			
Yes	•			
5. If selecte	d 'Yes' to question 4, please describe.			
data is revi	to the Payment Strategy Department (financial analytics), program ewed by the Quality Improvement Department to ensure that quality onsistent or improving as savings are garnered.			
Beneficiary Impact				
1. Has the Participant implemented a system to request, track and respond to complaints made by BPCI Advanced Beneficiaries? [The complaint process in place does not have to be solely for Beneficiaries in the BPCI Advanced Model. However the current complaint system in place must track complaints made by Beneficiaries in the BPCI Advanced Model.]				
Yes; using	g existing system			
	ed 'Yes' to question 1, do you believe that current processes in place appropriately and address those complaints?			
	Strongly agree			
•	Agree			
	Neutral			
	Disagree			
	Strongly disagree			
	Unsure			
	N/A; we have not yet implemented a system for monitoring and responding to beneficiary complaints			

3.	Has the Participant received any complaints related to the established system for tracking Beneficiary complaints? (E.g., a beneficiary complained that their complaint was not resolved quickly enough.)
N	lo 🔻
4.	Please select the categories to which complaints the Participant has received from BPCI Advanced Beneficiaries align. Please select all that apply.
	Quality
	Safety
	Timing and Access
	Communication
	Compassion/Caring
	Patient Rights
	Other
	✓ N/A; we have not received any complaints from Beneficiaries
Do	ocument Submission
_	Is there a designated person(s) for submitting BPCI Advanced required documentation to CMS?
2.	Please provide any barriers or challenges associated with submitting required documentation.
۷ 9	Similar to what was the case with this submissions, sometimes portals don't work as intended, formats of submissions change, instructions don't cover all situations or are unclear. The response timelines for issues specific to submissions are often too tight. With only one submitter for the program, it is difficult to respone in 24 or 48 hours.

_	<ol> <li>Is there a designated person(s) for coordinating clinical document requests from the Participant and its Downstream Episode Initiators and other clinical partners?</li> </ol> Yes			
Ľ	165			
S	elf-disclosed Investigations or Sanctions			
1.	Is the Participant or any of its BPCI Advanced partners under any investigations or subject to sanctions that have not been reported to CMS?			
N	No 🔻			
2.	If selected 'Yes' to question 1, please provide written notice of any unreported investigations and/or sanctions to CMS via email ( <a href="mailto:BPCIAdvanced@cms.hhs.gov">BPCIAdvanced@cms.hhs.gov</a> ). Additional information is located under Article 13 of the <a href="mailto:Participation Agreement">Participation Agreement</a> .			
Other Issues Not Previously Listed				
1.	Please describe issues, challenges or barriers associated with implementation of the BPCI Advanced Model that have not being discussed above.			
1	There were significant changes between BPCI and BPCI-Advanced, particularly as pertains to the targets. While it is believed the intent was to hone in on better information and more realistic performance measurement, the changes were too significant, too difficult to understand and have result in performance (versus target) in the program that is incongruous with actual success in reducing cost and improving quality in reality.
